---

Experienced Full Stack Java Developer with 4 years of hands-on expertise in designing, developing, and deploying Java-based applications. Adept at creating robust, scalable, and efficient software solutions. Seeking a challenging role to leverage my skills in Full Stack Development to contribute to the success of a dynamic and innovative team.

## PROFESSIONAL SUMMARY

- More than three years of professional experience as a Full Stack Java Developer.
- Proficient in Java, REST APIs, Microservices, Event Driven Applications, Spring Boot Framework, Kafka, HTML, JavaScript, and various other technologies.
- Hands-on experience in writing SQL queries, functions, procedures.
- Strong understanding of software development methodologies, design patterns, and best practices.
- Proven track record of delivering high-quality, well-documented code on time and within budget.
- Excellent problem-solving and analytical skills with a strong commitment to code quality and performance optimization.
- Team player with effective communication and collaboration skills, capable of working in Agile and Scrum environments.
- Experience in communicating with different Teams, Business and Technical people.

## Experience & Projects

**1. Organization:** Accenture

**Client :** Wells Fargo

**Job Profile:** Software Development Senior Analyst – May 2024 - Present

**Project Name/Description:** 1NITE

### PURPOSE/KEY RESPONSIBILITIES

**Purpose:** Developer, New Features, Enhancements.

**Technologies:** Java, Spring Boot, Kafka, SQL, GitHub, REST APIs

### Responsibilities

- Developing an Event Driven web applications using Java8, SpringBoot, Kafka, Websocket, SQL
- Debugging the code using log tools like Splunk, APM
- Writing the test cases, participating in the Agile sprint planning
- Utilised version control systems (e.g., GitHub) to manage source code and streamline the development process
- Using the deployment tools like Jenkins, IBM UrbanCode Deploy, Cloud Foundry
- Created and maintained technical documentation to facilitate knowledge transfer and onboarding of new team members

## 2. **Organization:** Tata Consultancy Services

**Client :** Verizon

**Job Profile:** System Engineer - November 2020 – April 2024

**Project Name/Description:** Fiber Inventory Management System

This application is web based tool that is used to manage the fiber inventory and store all information about the fiber connections.

### **PURPOSE/KEY RESPONSIBILITIES**

**Purpose:** Developer, New Features, Enhancements.

**Technologies:** Java, Spring Boot, JavaScript, SQL, GitHub.

### **Responsibilities**

- Designed, developed, and maintained web applications using Java, Spring Boot, and front-end technologies.
- Collaborated with cross-functional teams to gather requirements, design system architecture, and implement features. Test, maintain and recommend software improvements to ensure strong functionality and optimisation
- Conducted code reviews and mentored junior developers, promoting code quality and knowledge sharing. Identify and propose automation opportunities and implement
- Utilised version control systems (e.g., Git) to manage source code and streamline the development process.
- Participated in regular Agile sprint planning and retrospective meetings to continuously improve development processes.
- Created and maintained technical documentation to facilitate knowledge transfer and onboarding of new team members.

### **Education**

- Bachelor of Technology in Electronics and Communications from Lingaya's Vidyapeeth graduated in 2019 with aggregate of 86%.
- Intermediate from Minerva Public School, Ghumarwin(H.P.) in 2015 with 83%
- High School from S.V.M, Ghumarwin(H.P.) in 2013 with 80%.

### **Certification**

- Star of Quarter –TCS (05/21 - 07/21).
- NIIT certified in Full Stack Java Development
- HackerRank certified in JAVA(Basic)
- HackerRank certified in SQL(Basic)

### **Personal Attributes**

- Quick Learner, Adaptive personality, Commendable Team Player, Optimistic attitude.

**Declaration**

I hereby declare that the details furnished above are true and correct to the best of my knowledge and belief.
